

Pilot operational record

Completed by the pilot at shutdown (about 2 minutes). Linked to the mission record via Mission ID.

Fill the bubble completely with blue or black pen. One mark per row unless stated. Do not tick or cross.

The pilot marks the mission number (join key), mission category, flight conditions and crew configuration. Everything else is joined from the flight log by the mission number.

P01 Mission number (join key) - fill after flight

Mark one bubble per row. Top row = first digit. Leave leading rows blank for shorter numbers; mark every internal zero.
